Obituary

Fania Hilaire was born on March 28, 2010. She was the daughter of Fabiola Hilaire and Fanel Hilaire. After three years of being together, God blessed the family with a beautiful baby girl. Her name was a combination of mom and dad's name together.

On September 16, Fania went into a coma and lost her vision. Doctors diagnosed her with having seizures. She was hospitalized at Saint Barnabas Hospital. After two weeks, she returned home. God performed a miracle and returned Fania back to her family, out of the coma and her vision restored. From that day forward, the family enjoyed the time together with her! Fania had a happy life, even up to the day she died. She celebrated her birthday with her dad one week ago on March 19th.

On March 24, while at home, Fania took a nap and had a seizure. Fania was declared dead at UMDNJ. She went home to be with the Lord. We will miss you little angel and we will see you again!

Fania was the best sister I ever had. She used to chase me around the house in her walker. I loved that! When I was eating, she used to come rub on my leg asking for some. I couldn't resist giving her a taste, she was too pretty. When I came home from school, she raced to the door and laughed in joy of seeing me. She loved me and I loved her more than the world. On this day let us not be sad in the death of Fania. Now she is in a better place; she is in the hands of God. All we can say now is that we'll miss her dearly and may God bless her soul!

Fania was one of my favorite baby cousins. Anytime I went to her house she would always crawl to me. I used to take care of her when her mom was busy. I love Fania more than ever. I never thought this day would ever come, but I tell you this, she is very happy now. Fania Hilaire was very funny. May Fania rest in peace. Fania you will always be in my heart. Love you Fania! Hugs, hugs, kisses, kisses. I'll never forget you!
