

Simply Adore You

I can begin to make alluring emotions as forever treasured from my soul

I wanted to share it, just as you've said

Yet here I sit, my heart broken in the pain of my heart

I simply adore you Mama, but God, He has His own Master plan

How He'd change the program, and you'd laugh me better than that

Because if you don't appreciate your blessings,

an expiration date, you could never have been

To begin with this pain,

I'll never see you and I really remember that beautiful smile

The way everybody loved you,

The way you smiled those days

The way people really loved you and you

Just because my Sweet Angel,

My mother or your sister, to the very end

My memory, my favorite girl, my sweet friend

Loving you without rhyme

For being a grand old girl

Bestie

Please Tell Family I'm still his baby girl and give them a big hug for me
