Footprints In The Sand

One night I dreamed I was walking along the beach with the Lord. Many scenes from his life flashed across the sky. In each scene, I noticed footprints in the sand; Sometimes there was two sets of footprints, other times there was one set of footprints. This bothered me because I noticed that during the low periods of my life, when I was suffering from anguish, sorrow and defect, I could see only one set of footprints. So I said to the Lord, "You promised me Lord that if I followed you, you would walk with me always. But I have noticed that during the most trying periods of my life, there have only been one set of footprints in the sand. Why when I needed you most, you have not been there for me"? The LORD replied, "The times when you have seen only one set of footprints, is when I carried you"
