

A portrait of a Black man with a beard and mustache, wearing a light-colored hoodie over a red and white striped shirt. He is looking directly at the camera with a slight smile. The background is a dramatic sunset or sunrise over a body of water, with a city skyline visible in the distance. The sky is filled with orange and yellow clouds, and the sun is low on the horizon, creating a bright glow.

My Angel Forever

My love our time was short our first kiss was but yesterday my world quickly torn apart you were my angel in every way we laughed and cried we were challenged at times you were always strong my angel.... you didn't even know oh how you loved life that bright smile and warm laughter Oh how you were loved your comforting words many sought after I remember my angel... will never forget my big strong man taken too soon we were just beginning... Why God... I asked looking up at the moon deep down I knew... For you always were my Angel then... now... My angel forever Fly My Angel...

Now your free spread your wings... One day I will fly with thee....
