Newark, New Jersey

Dr. C.H. Evans, Officiating

Reflections of Life

James was born on August 12, 1967 to the late Emma Lee (Roberson) Outerbridge who preceded his death in 1983. James was the baby boy of the family and brought a lot of joy and fun as a child with his playful personality and humor.

James grew up in East Orange, NJ and later moved to North Edison, NJ where he graduated from North Edison High School. He then entered the U.S. Army in 1985 and was stationed at Fort Polk in Louisiana. While he served in the Army, he worked in the electrical field related to weaponry. After leaving the Army in 1988, he continued his career in the electrical field with Wells Fargo Security. James later expanded his electrical knowledge into the construction industry and began working and managing residential rehab construction projects.

For the past few years James studied and made significant progress with pursuing a career in, Solar Energy Technology. At the time of his death, James was enrolled at IMF - Information & Technology Management studying solar panel technology. James was also a member of the United Supreme Council, Inc. Ancient & Accepted Scottish Rite Masons.

James departed from us on Monday, February 16, 2015 in Newark, NJ. Preceding his death, Emma L. (Roberson) Outerbridge (mother), William Wheeler (father), Dennis Outerbridge (brother), Andrea Outerbridge (sister) and Allen Outerbridge. He leaves to mourn: brother, Glenn Outerbridge (Pamela) of Missouri City, TX; sister, Staci Outerbridge of Newark New Jersey; four nieces, Danielle, Erica, Jasmine and Sharayah; two great nieces, Latrice and Paige; a host of aunts, uncles, cousins and friends.
