One day in Passaic High School back in 1975, this young man came to my locker and said to me "Hi" my name is David, what's your name. I replied back "I don't know you". Well, David excused him self and left. Because David is very persistent in his own little way, he came back to my locker another day. I could not help but to give him my name, Iris, I said to him. Since then forty years passed and we were still by each others side. David was my light, my strength, my admiration, my

successor, my foreseer, etc. We have two beautiful children and a step child that he cherished with all his heart, there was nothing he would not have done for them. David was a reserved man, full of knowledge and wisdom beyond expectations. He used to be on the computer for many hours researching and learning, his specialty was "black history" he went deep. David was a beloved son to his mother, Yvonne Nealy. When she was ill he stood by her side along with his brother, Ronald. David was reserved but very humbled and caring. We have a Miniature Poodle, "Midnight" David trained and raised Midnight as

his own.... they were two peas in a pod, everyone in Paterson knew where David was so was Midnight, I know Midnight cannot communicate with us via language, but his face and motions speak for itself, he sensed David is not around and is very sad these days. So David!!!! I'm hear to tell you don't worry we have Midnight's back just like you did. David was pure of Heart, everyone that came across his path respected him as he respected them all. His kids were very important to him, he wanted so much to instill all the knowledge he had to them and everyone else who wanted to learn. He just loved to learn so much about everything, religion, health (he was real big on health), David loved to exercise and walk. His love will remain deep in our hearts. David left us suddenly but his spirit will live FOREVER Until we meet again my dear, Rest in Eternal Peace.

Your loving Wife, Children and Family
