DALLAS COWBOYS

A Letter To My Love:

Never thought I'd be sitting here writing this kind of letter to you, this hurts so bad!! We had so many things planned. I literally just spoke to you and you told me you were on your way home; but never would have thought that you meant that home. I'm going to miss you baby, I'm going to miss the good times we had as well as the bad, we been in this for 10 years we went through some things during that time, but that's what made us stronger. I loved you for you and you loved me in return for me! Who am I going to curse out now, on those nights when I get turned up? And wake up and wait for you to curse me out too..lol. But just know that I'm going to always keep my word and the promises I made to you. You were my heart, my world. My Remy to my Jamaican me happy, or soft drinks as you would say... you were my shoulder to lean on, my aggy, and now my angel. Just continue to hold me up while I hold it down, forever my baby, and I will forever be your lady....loving you forever ever...Porsche

Forever my brother, forever your sister, forever in my heart, until we meet again, forever we are bonded, forever we are entwined, forever you are uplifted, you are forever, you are my angel. Today you are departing, you are forever and forever... as you watch over our family, you are the light of the clouds, of darkness, that shines forever. Because you are forever my star, forever I will be strong, with my head held high until I fly... forever I will get thru this battle, with you forever together, forever you will be a part of me, forever unbreakable, unbearable. Forever I will live for you. Forever I will cry for you, forever I will smile for you, I will forever love you, as the wind blows, I will forever breathe again for you Tyheem, you are forever and ever live in the sky forever.

Forever your baby sister, Quadisha

P-POSITIVE

O- OUTSTANDING

P-PERSON

LOVE: LIL COUNTRY

T- is for treasure, that you were to family and friends

Y-is for you being the caring, loving person you are

H-is for the happiness, you always brought to me

E- is for the expressions, that you were never the one to hide

E-is for the electric, a sparkling trait

M-is for the might, your inner strength

To lose someone I love so much, brings pain beyond belief
There are no words to ease my pain, my sadness and my grief
I feel I've lost someone so close, so wonderful and dear
I think about your special ways, and wish that you were near
But although you have left this world, you'll stay within my
heart guiding like an angel, even though we are apart
For love is everlasting, and so are my memories
Your legacy that's always there, to light the way for me
Love Mommy (as he always said) ROSE
