*Tina, my sister and friend
Sister we've been there through life's sorrow and pain
But together we have always endured the strain
We've argued and bickered and made each other mad
But if you weren't my sister, life would be so sad
We've cried till we laughed and laughed until we cried
Sometimes for no reason we didn't even know why
When we're not together our bond is just as strong
Because we are sisters, we know when something is wrong
We whispered our deepest secret only sisters could share
I love my sister dearly because she really cares
So whether we are together or we are far apart
Tina you're my sister, my friend and forever always in our hearts.
Love, your sisters*

Always There

When you remember me

Please do not weep

My body may not be there, it has chosen to sleep

I'm not that far away

*My soul lives on, looking down watching over you and everyone
when you feel sad and life seems so blue, Just remember*

that my spirit has its arms around you

and on those special days

times that you wish I could see

that cool breeze flowing past you

well, that will be me

so don't be sad, have no fear

God has taken me under his wing

But I'll always be near

I still watch you every minute, every day

My love and soul are with you

And that's where they will stay

Mom for every time I have let you down,

for every time I made you frown

I know it's too late for an apology

But still, I want to say sorry

Like a fool I never realized the value

of having a loving mother like you

I know you wanted me to be my best

I realize you wanted me to outshine the rest

I promise to be the best person I can be

I promise to be the winner that you saw in me

It won't go in vain, it won't escape your eyes

I know you will be watching over me from the skies

I Love you,

Your son
