Obituary

George Mondon Pickett as known as “**Mondon**” was born in Alabama on March 27, 1935 to the parents of Ophelia and Colquitt Pickett.

George was married to his beloved mate Odessa for 31 years, this union produced no children. She indeed was his friend and confidant.

He was known throughout NJ for his work as a jackhammer operator, breaking three mountains to build routes 280 and 78 and in Alaska, Colorado, and other various states throughout the country's new highways. He later became a Foreman over crews throughout the country as well. He was a business man in real estate throughout his beloved community of Newark. Receiving many awards for beautifying Newark's housing and landscapes. George indeed had the Midas touch when it came to investments, which made him to become a millionaire at an early age. He would share with those who were truly in need secretly. Always saying self made millionaire, even though he did not receive a higher education degree.

George was very active in his local construction union. It was his voice who his powerful union would be their candidate for mayor and governor for his city and state. No mayor or governor did not know his name. He was so outspoken that faces of the powerful would cover their faces with their hands. He was a voice for the poor and underpaid, even though he was a rich man.

He was preceded in death by Matt Cole, Felix, Frank Sr. and Frazier and two sisters Nettie B and Mattie Lue.

He leaves behind a loving and devoted baby sister Winifred Lewis in Alabama. He also leaves behind a host of loving nephews, nieces, great nephews and nieces who loved him dearly and who he would always sing to and a special little girl name, Morgan whom he loved dearly.
