Tributes

My baby Naturelle,

I had the name Naturelle planned for you years before your arrival. Once I found out I was pregnant, I felt so much joy! When I found out that I was having a girl I grew more excited. For the past eight months you were growing inside of me all the kicks of life. I thank you for that feeling, that joy, that love. Now that we are separated through God's love and grace you are in Heaven with family. I pray that Mommy, Grandma and

Momma have their loving arms around you. Naturelle until you're in my arms again, love always, Mommy.

Dear sister,

I was so happy when you was coming until I heard you passed away, I love you so, so much and you are still in my heart. I love you. I wouldn't let anything hurt you. You were going to meet your family. You are in a good place and I love you so much. It was just your time and that's okay! I'll remember you in my heart.

Love your brother, Charles

Tributes

Dear sister,

I wish I had the courage to hold you in my arms my very first time seeing you in the hospital. You're so beautiful. I was looking forward to being a big sister. I will be strong for Mommy and Mister until I see you again.

Love your sister, Zi'Nayiah

To baby Charlie,

This is what my hopes were for my beautiful daughter to be here, but I guess God had a better plan. My prayers are that He will shower you with the love that your family would have shown you.

Love your father, Rock
