Obituary

Kevin Norman Mills was born on Sunday June 15th 1980 to Andrea Blackford and Collin Mills in St. Mary Jamaica. He spent his childhood years in Jamaica where he grew up, but later migrated to the United States of America when he was a teenager. Kevin resided in Bronx, New York. He attended Stevenson's High School where he completed his secondary education. Kevin's love for sports caused him to join the football team while attending high school. He proudly represented his school and competed in numerous games.

After high school, Kevin pursued a career in technology. He attained several certifications in the field of technology and launched his professional career with Systems Plus, but later moved on to work for Apex Health Solutions where he spent the last seven years of his professional career. He was dedicated to his job, and was always motivated to advance. While working at Apex, he developed many friendships and left a lasting impact on his co-workers lives.

Anyone who has met Kevin will most likely always remember him. You couldn't help but love him even if you tried not to. He was friendly, humorous, and full of life. He had an infectious personality that drew others to him. Both children and adults thoroughly enjoyed being in his presence. They knew without a doubt that once he was around him, they were in for a good time.

On May 30, 2020, Kevin passed away due to a tragic motorcycle accident. He is survived by his wife (Roxanne), son (Malik), mother (Andrea), sister (Althea), many aunts, uncles, cousins, and a host of friends whose lives were touched by him and will forever be affected. Although it is heartbreaking to see him go, we will cherish the memories that we shared with him, implement the lessons learned, and continue to hold him dear in our hearts.
