## *Need Not Worry*

Worry not my beloved sister, for I am finally free.

Worry not for your love and devotion  
has carried me through this life.

No longer in pain or anguish,

no more trepidation of what the future holds

Worry not for both our burdens are fully lifted,  
mine from this pain of living and yours of me.

Finally, we both can feel the lightness of being free

Worry not my beloved sister, your love and understanding gave me  
all the strength I needed to make this final journey.

Now I am free and as I look down upon thee I hope and pray I may  
never need to worry ever about thee.

Until we are finally reunited once more,  
always my beloved sister and more.

# T-I-M-E

“Time is your most precious gift because you only have a set amount of it. You can make more money, but you can’t make more time. When you give someone your time, you are giving them a portion of your life that you’ll never get back.

Your time is your Life.

That is why the greatest gift you can give someone is your time.

It is not enough to just say

Relationships are important, we must

Prove it by investing time in them.

Words alone are worthless. My children, our love should not be words and talk; it must be true love, which shows itself in action.

Relationships take time and effort,

And the best way to spell

Love is T-I-M-E”
