Life and Death

**Life is funny how it turns
Life comes and goes
Life tells a story, while
death tells it all.
Life brings family when death controls
Life can light the world
when death takes its toll.
Death is life
Life is death, but
Death is just the beginning
and Life is the end.**

Acknowledgments

The family would like to express their deep appreciation and sincere thanks for all acts of kindness shown to them during their time of bereavement.
