Obituary

Vivienne Fay Rowe Mcfarlane, age 70, passed away peacefully on May 4, 2021 due to metastatic breast cancer. She was born on March 10, 1951, in Black River, St. Elizabeth, Jamaica, to parents Inetta Viris Allen and Neville Rowe. Her earliest academic studies were at the Savannah -La-Mar Public School. After graduating high school she went on to obtain a degree in Education at Caenwood Teacher's College in 1972. After which she began her career as a teacher, she taught at 2 schools Darliston All Age School and George's Plains Primary. After several years in education she switched careers and began working as a clerk/secretary in a HVAC business before migrating to the United States in 1996.

After arriving in the US she worked as a child care provider. She then earned her certification as a Home Health Aide, a position she held until she became ill.

Vivienne was a dedicated and devoted single mother. She loved her children and embraced every moment with them with pride and joy. She loved her role as a grandmother to her grandchildren and took every opportunity she got to spend time with them and help to raise and care for them.

She had a loving, caring and kind personality, with a laugh that was infectious. She was very sociable and made friends wherever she went. Her beautiful soul and presence will be sorely missed and her memories cherished by all who loved her dearly. We will never forget her grace, generosity and the way she cared for others.

She is survived by her four daughters: Michelle, Shimei, Cavell and Kerry-Ann; her six grandchildren: Dwayne, Ashley, Sebastian, Lauren, Logan and Matthew and her two great grandchildren: Aaliyah and Andrew; her brother Alphonso and her sister Angela.

She was preceded in death by her mother Inetta and her father Neville.

Mom

To a Mom that was very special.
Who did everything she could, while
she was with us, to make us happy.

She fought so hard to live, but
God wanted her with him.

I Love You Mom

“

The world changes
from year to year,
our lives from day to
