Obituary

Da'Shaun Jalil Simpson was born in Queens, New York on February 28, 2008, to his mother Kimesha Simpson. "Dae Dae," as he was affectionately known, was the only child for Kimesha. Dae Dae was all that was needed to light-up his mother's life, with a smile that will be remembered forever. DaShaun was born at 7:11 PM in Jamaica Hospital. At 2lbs 6oz Physicians did not expect him to live more than two days. This amazing little boy would prove them wrong. We were blessed to have 13 wonderful years, where he showed us true strength with his journey and taught those around him gratitude along the way.

Da'Shuan attended school at P9, where he had the opportunity to be taught by an amazing staff, a place we know he will be truly missed. At a young age, we noticed his love for school and those around him. Just like many children, he enjoyed being outdoors to take strolls in his wheelchair and swinging in the park. When school was out of session Da'Shaun was accompanied by his loved ones and favorite nurse Rosemarie Salmon. The times Rosemarie spent caring for Dae Dae will always be cherished, from the hair washes, to just simply enjoying his favorite shows in her company. Some of his favorite things to watch were "Cocomelon", of course, "Mickey Mouse Clubhouse", "Barney", and "Law & Order". He appreciated all the simple things in life such as stopping to enjoy all the sounds around him, sweet whispers in his ears, and music of all genres. He seemed to love Nicki Minaj & Meg the Stallion the most, or cars rides where the soothing vibrations would comfort him to sleep. These are just a few things that reflect the dynamic and unique personality that he had.

Dae Dae and his family shared a special bond that only they understood. To them, he was their "Stinka Butt", or "DooDoo", or "Handsome Face", sometimes even "Pookus", and his family's favorite "My Little Guy". He was a Child with many names, a big smile, and a village who cared tremendously for him. They have all been a part of his journey from the very beginning, supporting his Mother whether physically, mentally, or emotionally. Although they may have their own special bond with him, one thing remained the same and that is the love they all share for him. His mother will find comfort knowing the strength of her child who has undergone so many countless Surgeries and Procedures, but always came out on the other end with a smile on his face and love in his heart. His story is a true example of hope, love, and endurance. A reminder to us all that no matter how hard things may get find peace in the simple things in life and strength in the joy every day brings. Dae Dae's significant and blessed life was cut short on Saturday, July 3, 2021, when he passed away while resting.

Da'Shaun is survived by his mother, Kimesha Simpson; his Grandparents, Jacqueline Clarke & Dwayne Bryan; his Great Grandfather Lester Clarke; his Aunts, Kimone Williams & Thalia Bryan; his Uncles, Dante Bryan, Jason Rivers, and Gary Edwards, Jr, who proceeded him in death; his Grand Aunt Michelle Jackson and his Grand Uncles, Dean Black & Vincent Jackson; his Godparents, Sharon Conley, Ebony Jones, Tiffany Harris, & Timothy Brave; his Cousins, Donna Lawerance, Zaniah Ajani, & Nahum Jackson; his favorite Nurse Rosemarie Salmon; the Staff at P9; along with a host of other cousins, extended family members, and devoted friends.

Da'Shaun continues to touch the lives of others. He will live on, not only in our hearts, but also in the lives of those he was able to truly know and love.

Da'Shaun

Da'Shaun, we wish we could wake up and see you sitting there.

Then we would know that it was just a nightmare.

We remember when you were small and how you would hold our hands, and as you grew older you became our best friend.

We have 13 years of memories that we'll treasure and keep safe in our hearts. We share a bond that time and distance can never break apart.

Da'Shaun, oh how your family's hearts ache so. We would love to have you back and never let you go.

Da'Shaun, where there was happiness, now there is sadness.

Da'Shaun, how your Mom longs to hear your voice and see your beautiful smile and to have you back for just a little while.

Da'Shaun, until the day we see you again,

We will look to the sky and search among the stars for you. Beloved son, grandson, nephew and best friend.

We wil love and miss you always!

From Your loving family
