Earth is but a stopping point somewhere along the way
A place to learn, to laugh and love, to dream the day away
A place where we connect with those we'll love forevermore
A place made of the Hand of God to show us that there's
more But our final destination, really not that far away
Where each and every one of us will meet again someday
A place more beautiful than anyone could ever dream
A place where happiness abounds in flight on angels wings
A place that's filled with laughter And never ending love
Our final destination Is Heaven above.

LETTER FROM HEAVEN

When tomorrow starts without me And I am not there to
see If the sun should rise and find Your eyes all filled with
tears for me I know how much you love as much as I
Love you And each time that you think of me I know
you'll miss me too So when tomorrow starts without me
Don't think were far apart For every time you think of me
I'm right here in your heart
