### Obituary

Walik Wade, also known as Wa, was born on November 8th, 1990. Walik grew up and was raised in the St. Albans part of Queens. He attended middle school at P.S. 136, one of the local schools in his neighborhood, then went on to attend I.S. 192. After completion, he attended and graduated from Forest Hills High school. During Walik's later years he moved to New Haven, Connecticut, and resided with his sister and family. Although it was a different place, the "Wa effect" happened, where he made more friends and memories. Wa easily and naturally always made many friends that grew to love and adore him.

Walik was passionate about basketball, and he loved playing the game. He was in a plethora of basketball tournaments and played in several iconic parks in his Queens neighborhood, such as Roy Wilkins and O'Connell Park. Not to mention Walik also played for his High School Basketball team, which was one of his proudest moments. Although Wa loved playing basketball, it was his good energy, blissful presence, and sincerity that was contagious and always spread like wildfire when he was around. Not only was this unique, but it was evident every time! There was never a dull moment with Wa, you know if he was at any place where good music was playing, he was never reluctant to "do his dance". Wa would never hesitate to show his affection, loving emotions and words of endearment to his friends, family and loved ones. There was never a time he didn't exemplify the notion of "living life". Wa was that bright light and touched so many, even if you didn't know him for long, he made you feel like you were his friend since forever. Wa was a friend to so many, but he was also a son, grandson, brother, uncle, cousin, godfather and now he is our ANGEL!

On November 26th, 2023, Walik was called home and gained his wings. Wa will be missed tremendously. However, he will continue to live on through us all and watch over us. More importantly, his spirit and the memories he left, will be forever cherished, and he will NEVER BE FORGOTTEN! Until we see you again, just remember to say "Ayoo Wa can you teach me how to Dougie"

#### Rest In Paradise Walik Wade

## "The One of One"

Born a baby but left as an Angel.
Your wings are spreading now, and
we can feel them wrapped around
us. You gave heaven some more
light but gave an abundance down
here. Even though we knew your
eyes could light up a room, it was
your presence that made it bright.
Your timeless memories and energy
will always be a part of our lives.
Together forever, every day and
every night — as we look up to the
sky; you're that ONE star that's
shining so BRIGHT.

"RIP Wa"

#### Helmowledgements
